

Joining with the Angels (album same name)

Joining with the angels in heaven
We're singing Your praise
Singing of the love that You've given
We're lifting Your name
Kneeling at the foot of the cross
Seated in the heavenly place
Joining with the angels in heaven
We're singing Your praise

Shining with the glory of heaven
We're singing Your praise
Turning all our eyes upon Jesus
Looking into Your face
Lifting up our hands we adore
Bowing down before Your throne
Shining with the glory of heaven
As we sing Your praise

We're singing 'Holy holy is the Lamb'
We're singing 'Glory glory Great I am'
We're singing 'worthy, worthy is Your name'
Joining with the angels in heaven
We're singing Your praise

Morning Glory (Joining with the angels)

I will wake and I will seek you in the morning

I will rise before the morning sun

And I will search for You

Before the new day's dawning

Yes I will seek Your face

Before the new day has begun

Overshadow me (Joining with the Angels)

Holy Spirit hover over me

Overshadow me

Holy Spirit brood over me

Overshadow me

Holy Spirit breathe Your life in me

Overshadow me

In the beginning God created the heavens and the
earth

The earth was without form and empty

And darkness was upon the surface of the deep

And the Spirit of God was hovering over the face of
the waters

Fairest Lord Jesus (Joining with the angels)

I have watched the mountain waters dancing freely
down the streams

I have stood amidst the silence of the trees
I've wandered through a cornfield standing tall
against the blue

And I've felt You there beside me with Your love so
beautiful

I have soared above the storm-clouds into glorious
blinding light
Seen the mist above the waters hanging softly in the
night

And I've felt within white horses of a strong and
mighty sea
Like I feel inside Your beauty when You're standing
here with me

*Fairest Lord Jesus Lord of all creation
O Thou of God and man the Son
Thee will I cherish Thee will I honour
Thou art my soul's delight and crown*

I have slept beneath the cover of a starlit moonshine
sky

I have stood in field and meadow at the end of
rainbow's light
And I've gasped beneath the knife-stab of an icy
waterfall

And I know You live within me the Creator of it all

Psalm 91 (Joining with the Angels)

Those who dwell in the shelter of the Most High
They will rest in the shadow of Your wing
You are my Fortress You are my Rock
You are my Refuge in You I trust

No-one Lord can lift me up like You
No-one Lord can do the things You do
O and nowhere Lord would I ever find such grace
And nowhere could I find such love

Sovereign Lord (Joining with the Angels)

I waken to this day
And come to You with praise upon my heart
Sovereign God I kneel before You
Holy God I bow in honour
Loving God I melt beneath Your gaze
Here I wait in breathless wonder
Waiting in the stillness speak Lord

© John nuttall

I Find Peace (Joining with the Angels)

Lord as I gaze on Your beauty
Lord as I look in Your face
Standing right here in Your presence
I find peace
Lord as I kneel here beside You
Resting my head on Your knee
Feeling the warmth of Your love
Pouring out on me
Oh I worship
Resting in You
You are my destiny
I'm coming through
The searching is over
The striving has ceased
And as I surrender
I find peace

Come to me (Joining with the Angels)

Come to me you weak and heavy laden
Come to me those who are laid low
Come to me should life be a burden
Let your worries go
See the river flow

Come to me you tired and needing comfort
Come to me those who are weighed down
Come to me you struggling and uncertain
Let your sorrows drown
Lay your burdens down

I will give you rest for you are weary
I will give you rest for your soul
I will give you rest for the journey
I will give you rest I'll take your burden from you
Just come

Come to me you sorrowing and dying
Come to me afraid and full of care
Come to me when hope is dead or dying
And I will be there
All your sadness share

**Look at all the photographs
(Joining with the Angels)**

Look at all the photographs
The happy smiling faces laugh
Captured moments treasured now
Before you left this fairground ride
They speak of times when laughter rang
Music played and the children sang
But now they serve to underline
The emptiness I feel
There's an aching void within me
They tell me You can fill
Well I couldn't feel more empty
If I cried and cried until...

Oh still small voice speak to me
Fill this empty longing heart
Give me something to cling onto
Help me make another start
They say Your love is very close
Father Son and Spirit
They say You're just a breath away
I'll breathe
Oh won't You fill it
